

Your TED Talk homework

- ✓ Due by **July 20, 2025 (Sunday)** by File Request
- ✓ Critique of “one” TED Talk; follow the ‘other-critique’ format →

✓ [Other-critique example](#)
- ✓ Total of at least 10 minutes, please (if 6:25, then add another talk)
- ✓ Which TED Talk? **Your choice**
- ✓ Suggestion: find something that is interesting for you.

[TED Talks](#)
[20 most popular TED Talks](#)
[TED talks on math](#)
- ✓ Purposes: listening practice, exposure to at least one speaker

(A small note: if you search some, many TED talks include transcripts...)

Show TED Talk examples:

Arthur Benjamin “Fibonacci Numbers” – animated, engaged

Matthew Carter “Typefaces”—poor speaker, especially eye contact

John McWhorter – excellent eye contact
